IDENTIFY A SOURCE
1. Select one source that is relevant to your research question.

Title:

APPLY CRITERIA TO EVALUATE YOUR SOURCE
1. What type of source is this (journal, news, magazine, website, other)? Why is it appropriate (or not) for your assignment requirements?

2. Describe the language (academic? informal?) and intent (to inform, entertain, share new research?) of your source and why it would or would not appeal to the audience of your paper:

3. Describe how the publication date of this source is or is not appropriate for your research question:

4. Describe how the author’s expertise relates to your research question:

5. What specific aspects of your research question does your source address?

6. Overall, is your source appropriate for your research question? Explain your answer:
